1. Executive Summary

This competitor SEO analysis shows that Esight Solutions currently ranks below several key competitors in Kochi's web design market, mainly due to gaps in technical SEO, mobile speed, content depth, heading structure, and authority-building strategies.

While competitors such as Webdesigncochin, Techsoftweb, and Webcastletech have stronger optimisation in certain areas, none of them dominate every SEO category. This creates a strong opportunity for Esight Solutions to improve rankings quickly through focused SEO execution.

The biggest opportunity is that most competitors still have weaknesses in content strategy, mobile performance, metadata optimisation, backlink quality, and conversion-focused UX.

If Esight Solutions acts strategically over the next 90 days, it can become one of the strongest SEO performers in the Kochi market.

Key Insight: Esight Solutions is not far behind mid-tier competitors. With focused improvements, it can realistically move into the **Top 3 competitive positions** within months.

2. Esight Solutions

Esight Solutions is a Kochi-based digital services company specialising in website design and development, digital marketing services, and branding and creative solutions. The company operates in a highly competitive local market where multiple agencies are targeting similar keywords and customer segments. While Esight Solutions has an established presence, its digital performance currently does not reflect its full business potential.

Competitor Performance Snapshot

Brand	SEO Score	Position
Webdesigncochin	75	Strongest Local Competitor
Techsoftweb	75	Best Technical Performance
Webcastletech	63	Strong Content Presence
Phitany	60	Balanced Competitor
Idodesigns	60	Strong Authority
Zauca	57	Pricing-Driven Visibility
Esight Solutions	51	Needs Improvement

3. Goals

The primary SEO objectives for Esight Solutions are:

- Improve rankings for high-intent local keywords
- Increase organic traffic from search engines
- Enhance website performance (speed and mobile usability)
- Strengthen domain authority through backlink acquisition
- Improve user experience and engagement metrics
- Establish a strong and sustainable online presence in the Kochi market

4. Audit & Methodology

The analysis was conducted through a comparative SEO audit involving Esight Solutions and six key competitors in the same industry.

Scope of Analysis

Area	Description
On-Page SEO	Title tags, meta descriptions, headings, keyword usage
Technical SEO	Website structure, code quality, indexing signals, crawlability
Content Analysis	Content volume, keyword relevance, semantic coverage
Performance Metrics	Page speed, load time, mobile optimisation
Usability & UX	Navigation, error handling, accessibility factors
Link Profile	Internal linking, external linking, backlinks presence

5. Tools Used

- SEO crawling tools (for technical audit and structure analysis)
- PageSpeed Insights (for performance evaluation)
- Manual SERP analysis (for keyword and competitor positioning)
- HTML and code validation tools
- Content and keyword evaluation techniques

6. Competitor Overview

Competitor	SEO Score	Primary Strength
Webdesigncochin	75	Best overall SEO
Techsoftweb	75	Speed & performance
Webcastletech	63	Content & structure
Phitany	60	Service diversity
Idodesigns	60	Balanced SEO
Zauca	57	Pricing-focused content
Esight Solutions	51	Weak overall — high upside

7. Key Findings

7.1 On-Page SEO

1.1 Title Tag

Esight Solutions	Webdesigncochin	Webcastletech	Phitany	Zauca	Techsoftweb	Idodesigns
#1 Web Designing Company in Kochi Esight Solutions (52 chars)	Web Designing Company Kochi, Kerala – Web Design Cochin (55 chars)	Web Design Company Kochi #1 Website Designing Company (55 chars)	Web Design Company Cochin with #1 Web Designers in Kerala (57 chars)	Website Design, Business Website Design, eCommerce Website Design (133 chars)	Best Web Design Company in Kerala, #1 Website Devt in Kochi (66 chars)	Best Web Design Company in Kochi, #1 Web Designers in Kerala (62 chars)

- Most competitors use strong commercial keywords such as #1, Best, Top Web Design Company, which improves click-through rates and ranking relevance.
- Esight Solutions (52 characters) has an ideal title length and includes location-based keywords (Kochi), positive for local SEO.
- Zauca (133 characters) exceeds the recommended title length — Google may truncate the title in search results.
- **Opportunity:** Strengthen emotional/trust-based wording such as Best, Award-Winning, Trusted while keeping title under 60 characters.

1.2 Meta Description

Competitor	Meta Description (Full Text)
Esight Solutions	Esight Solutions – Leading web designing, development company in Kochi. Our creative team builds fast, modern websites for your businesses. (139 chars ✓)
Webdesigncochin	Web Design Cochin — #1 website design company in Kochi, Kerala. Customized responsive sites, WordPress, eCommerce. Get your free quote today! (139 chars ✓)
Webcastletech	One of the best Web Design and Development Company in Cochin, Kerala. We specialized in Custom Web Designing, Web Development, with professional experts from the industry. (170 chars — too long ✗)
Phitany	Phitany is the best web designing, web development and SEO company in Kochi who offers attractive website design services with creative web designers in Kerala. (332 chars — too long ✗)
Zauca	Get Low Cost Website Design in India @ Just Rs.3800 with Free Domain, Hosting & Business Email Ids from India's No 1 Website Designing Company. Providing affordable website design for startups, small & medium businesses... (520 chars — too long ✗)
Techsoftweb	Tech Soft is the top expert website design & development company in Kochi, Ernakulam, Kerala, best professional web site designing agency in Cochin, Kerala, India. (162 chars — too long ✗)
Idodesigns	I DO Designs is one of the Best Website Design and Development Company in Kochi, Ernakulam, Kerala offers expert Web Design services. Get your free quote today! (159 chars ✓)

- Esight Solutions has a clean, well-written description (139 characters), within ideal SEO limits.
- Competitors use stronger CTAs like *Get Free Quote Today*, which can improve CTR from Google results.
- Phitany (332 chars) and Zauca (520 chars) are far too long — descriptions will be cut off in search snippets.
- **Opportunity:** Add stronger conversion triggers such as Free Consultation, Affordable Packages, Expert Team.

1.3 Top 10 Keywords

#	Esight Solutions	Webdesigncochin	Webcastletech	Phitany	Zauca	Techsoftweb	Idodesigns
1	web designing company in kochi	web designing company kochi	webcastle	phitany	website designing in kochi	techsoftweb	best web design company in kochi
2	esight solutions	web design cochin	castle web	web design company cochin	low cost web design in cochin	software development company cochin	#1 web designers in kerala
3	web designing company kochi	#1 website design company in kochi	website development company	#1 web designers in kerala	ecommerce website design	techsoftweb kochi	i do designs

#	Esight Solutions	Webdesigncochin	Webcastletech	Phitany	Zauca	Techsoftweb	Idodesigns
4	website designing kochi	kochi web design	web designing company in kochi	web designers kerala	business website design	custom software cochin	web design kochi
5	web design company in kochi	wordpress kochi	website design company in kochi	top web designers in kerala	zauca consultancy	techsoft solutions	website development kochi
6	digital marketing agency kochi	ecommerce kochi	web design companies	web designers cochin	website design @ 3800	web application development cochin	web design services kochi
7	seo company kochi	customized responsive sites	web designing company	digital marketers kochi	web design cochin	techsoftweb services	kerala web design
8	software development kochi	website development kochi	web development company in kochi	phitany kochi	low cost website designing	software company kochi	web design company kerala
9	kochi web design	seo kochi	webcastle media pvt ltd	seo company in kochi	zauca	it solutions cochin	website designers cochin
10	kochi web development	digital marketing kochi	web design company ernakulam	phitany marketing	website development cochin	techsoft software	digital marketing kochi

- Esight Solutions ranks well for strong local service keywords like *web designing company in Kochi*, *SEO company Kochi*, *digital marketing agency Kochi*.
- Webdesigncochin focuses heavily on exact-match Kochi keywords, strengthening local SEO.
- Phitany and Idodesigns use authority terms like Best and #1, helping trust and click-through rates.
- Zauca targets budget keywords like *low cost website design*, appealing to price-sensitive customers.
- **Opportunity:** Esight Solutions should expand into Kerala-wide keywords and stronger brand searches.

1.4 Heading Structure

Level	Esight Solutions	Webdesigncochin	Webcastletech	Phitany	Zauca	Techsoftweb	Idodesigns
H1	0	1	1	0	1	1	1
H2	6	10	25	0	14	4	6
H3	12	28	3	52	3	13	20
H4	5	0	8	11	17	43	3
H5	0	0	0	3	19	2	1
H6	0	0	8	7	0	7	0

- **Esight Solutions has 0 H1 tags** — a major SEO weakness. H1 tells Google the primary topic of the page.
- Most competitors use at least one H1, giving them a structural SEO advantage.
- Webcastletech has the strongest content hierarchy with 25 H2 tags.
- **Priority:** Add one clear H1 on each page, then maintain logical H2/H3 flow.

1.5 Text / HTML Ratio

Metric	Esight Solutions	Webdesigncochin	Webcastletech	Phitany	Zauca	Techsoftweb	Idodesigns
HTML:Text Ratio	13.14%	19.94%	7.91%	11.89%	11.15%	14.99%	15.46%
Text Content	5,870 B	17,172 B	18,698 B	11,353 B	15,836 B	15,400 B	16,620 B
Total HTML	44,689 B	86,119 B	236,447 B	95,515 B	142,008 B	102,724 B	107,472 B

- Esight Solutions ratio is 13.14%, acceptable but moderate.
- Webdesigncochin (19.94%) has the best ratio, indicating stronger visible text and efficient code structure.
- Esight Solutions has the least text content (5,870 B) — suggesting thinner homepage content.
- **Opportunity:** Add optimised service content, FAQs, trust signals, and location copy.

1.6 Alt Attributes (Images)

Metric	Esight Solutions	Webdesigncochin	Webcastletech	Phitany	Zauca	Techsoftweb	Idodesigns
Total Images	50	20	160	97	26	17	58
Missing ALT	4	0	78	55	20	0	2

- Esight Solutions performs well with only 4 missing ALT tags out of 50 images.

- Webcastletech (78 missing), Phitany (55 missing), and Zauca (20 missing) have major accessibility and image SEO gaps.
- Webdesigncochin and Techsoftweb have fully optimised image ALT usage.
- **Quick Win:** Fix the 4 remaining missing ALT tags immediately.

7.2 Technical SEO

2.1 Technical Overview

Metric	Esight Solutions	Webdesigncochin	Webcastletech	Phitany	Zauca	Techsoftweb	Idodesigns
GZIP Compression	44KB→9KB 78.4%	84KB→24KB 71.6%	230KB→41KB 82%	93KB→17KB 81.8%	139KB→41KB 70.4%	Not Enabled	105KB→21KB 79.8%
WWW Redirect	✓	✓	✓	✓	✓	✓	✓
IP Canonicalization	✗ Missing	✗ Missing	✗ Missing	✗ Missing	✗ Missing	✗ Missing	✗ Missing
XML Sitemap	✓ Present	✓ Present	✓ Present	✓ Present	✓ Present	✓ Present	✓ Present
Robots.txt	✓ Present	✓ Present	✓ Present	✓ Present	✓ Present	✓ Present	✓ Present
URL Rewrite	■ Params	✓ Clean	✓ Clean	✓ Clean	✓ Clean	■ Params	■ Params
Iframe Usage	■ Detected	✓ Clean	■ Detected	■ Detected	■ Detected	✓ Clean	■ Detected
HTML Doctype	✗ Missing	✓ HTML5	✓ HTML5	✓ HTML5	✓ HTML5	✓ HTML5	✓ HTML5

- Esight Solutions has GZIP enabled (78.4% savings), XML Sitemap, and Robots.txt — solid crawl basics.
- IP Canonicalization is missing across all competitors — a common market-wide issue.
- Esight Solutions has URL parameter warnings, iframe usage, and missing DOCTYPE — reducing technical quality signals.
- **Priority fixes:** Valid HTML5 doctype, remove URL parameters, reduce iframe dependency, improve code validation.

2.2 Domain Registration

Metric	Esight Solutions	Webdesigncochin	Webcastletech	Phitany	Zauca	Techsoftweb	Idodesigns
Domain Age	9 Yrs 123d	N/A	16 Yrs 172d	14 Yrs 133d	13 Yrs 281d	18 Yrs 231d	N/A
Created	9 Dec 2016	N/A	21 Oct 2009	30 Nov 2011	4 Jul 2012	24 Aug 2007	N/A
Expires	9 Dec 2026	N/A	21 Oct 2026	30 Nov 2026	4 Jul 2030	24 Aug 2026	N/A
Registrar	GoDaddy	N/A	PDR Ltd.	N/A	N/A	GoDaddy	N/A

- Esight Solutions domain age is 9+ years, providing reasonable trust and authority history.
- Older competitors like Techsoftweb (18 years) and Webcastletech (16 years) benefit from stronger historical domain trust.
- Esight Solutions has enough domain age to compete effectively if SEO is improved.

7.3 Usability

Metric	Esight Solutions	Webdesigncochin	Webcastletech	Phitany	Zauca	Techsoftweb	Idodesigns
Favicon	✓	✓	✓	✓	✓	✓	✓
Custom 404	✗ Missing	✓	✓	✓	✓	✓	✓
Page Size	44 KB	84 KB	230 KB	93 KB	41 KB	100 KB	105 KB
Load Time	1.87s ■	0.95s ✓	1.25s ✓	1.94s ■	3.79s ✗	0.32s ✓	3.21s ✗
Language	✓ English	✓ EN-US	✓ English	✓ English	✗ None	✓ English	✓ English
Email Privacy	✗ Exposed	✗ Exposed	✗ Exposed	✗ Exposed	✗ Exposed	✓ Safe	■
Safe Browsing	✓ Safe	✓ Safe	✓ Safe	✓ Safe	✓ Safe	✓ Safe	✓ Safe

- Esight Solutions has favicon, lightweight page (44 KB), and safe browsing — all positive signals.

- Load time of 1.87s is acceptable but slower than top performer Techsoftweb (0.32s).
- **Missing custom 404 page** is a usability weakness — hurts user retention when pages break.
- Email exposed in plain text increases spam risk — should be obfuscated.

7.4 PageSpeed Insights

Metric	Esight Solutions	Webdesigncochin	Webcastletech	Phitany	Zauca	Techsoftweb	Idodesigns
Desktop Score	71/100 (Good)	85/100 (Good)	44/100 (Slow)	64/100 (Medium)	58/100 (Medium)	99/100 (Fast)	74/100 (Good)
CSS Files	✗ Too many	✗ Too many	✗ Too many	✗ Too many	✗ Too many	✗ Too many	✗ Too many
JS Files	✗ Too many	✗ Too many	✗ Too many	✗ Too many	✗ Too many	✗ Too many	✗ Too many
Inline Styles	✗ Present	✗ Present	✗ Present	✗ Present	✗ Present	✓ None	✗ Present
Analytics	✓ Installed	✓ Installed	✓ Installed	✓ Installed	✓ Installed	✓ Installed	✗ Missing

- Esight Solutions desktop score is 71/100 — good range but behind leaders Techsoftweb (99) and Webdesigncochin (85).
- All competitors suffer from too many CSS/JS files — a common industry weakness.
- Esight Solutions has inline styles which increase page weight and slow rendering.
- **Opportunity:** Consolidating CSS/JS and removing inline styles can outperform most competitors quickly.

7.5 Mobile

Metric	Esight Solutions	Webdesigncochin	Webcastletech	Phitany	Zauca	Techsoftweb	Idodesigns
Mobile Compatible	✓ Yes	✓ Yes	✓ Yes	✓ Yes	✓ Yes	✓ Yes	✓ Yes
Mobile PageSpeed	41/100 (Slow)	46/100 (Slow)	24/100 (Slow)	48/100 (Slow)	37/100 (Slow)	75/100 (Good)	45/100 (Slow)

- All competitors are mobile compatible — responsive design is now a baseline standard.
- Esight Solutions mobile score is 41/100 — slow and may hurt rankings due to Google's mobile-first indexing.
- Techsoftweb leads strongly with 75/100.
- **Key Opportunity:** Mobile optimisation could become Esight Solutions' competitive advantage if improved first.

7.6 Social Media

Platform	Esight Solutions	Webdesigncochin	Webcastletech	Phitany	Zauca	Techsoftweb	Idodesigns
Facebook	✓	✓	✓	✓	✓	✓	✓
Twitter/X	✓	✗	✓	✓	✓	✓	✓
Instagram	✓	✓	✓	✓	✓	✓	✓
LinkedIn	✓	✓	✓	✓	✗	✗	✓
Dribbble	✓	✓	✗	✗	✗	✗	✗

- Esight Solutions has one of the **strongest social footprints** — Facebook, Twitter/X, Instagram, LinkedIn, and Dribbble.
- Dribbble presence is especially valuable for a web design company — showcases creative credibility.
- **Opportunity:** Use regular case studies, reels, and portfolio posts to convert social traffic into leads.

7.7 Link Analysis

7.1 In-Page Links Summary

Metric	Esight Solutions	Webdesigncochin	Webcastletech	Phitany	Zauca	Techsoftweb	Idodesigns
Total Links	35	56	54	44	47	54	52

Metric	Esight Solutions	Webdesigncochin	Webcastletech	Phitany	Zauca	Techsoftweb	Idodesigns
External Links	6	5	6	5	—	4	9

- Esight Solutions has 35 total links — lower than most competitors (50+), suggesting a lighter navigation structure.
- **Opportunity:** Add more internal links to services, blogs, case studies, and contact pages.

7.2 Backlinks

Metric	Esight Solutions	Webdesigncochin	Webcastletech	Phitany	Zauca	Techsoftweb	Idodesigns
Total Backlinks	1,465	1,217	81,400	9,719	0	0	25,100
Domain Strength	55	50	64	55	66	73	68
Page Strength	45	23	46	27	10	14	61

- Esight Solutions has 1,465 backlinks — better than some but far behind Webcastletech (81.4K) and Idodesigns (25.1K).
- Domain Strength (55) is respectable and equal to Phitany.
- Page Strength (45) is solid and stronger than several competitors.
- **Biggest gap:** A structured backlink campaign is needed to improve authority.

7.3 Broken Links

Esight Solutions	Webdesigncochin	Webcastletech	Phitany	Zauca	Techsoftweb	Idodesigns
✓ No broken links	✓ No broken links	✓ No broken links	✓ No broken links	✓ No broken links	✓ No broken links	✓ No broken links

- No broken links found across all competitors, including Esight Solutions. Continue monthly link audits to maintain clean crawl efficiency.

8. Recommendations

Based on the competitor analysis, Esight Solutions is already in a workable position, but the site is not yet using its full SEO potential. The strongest opportunities are in technical SEO cleanup, mobile performance, and content structure.

1. Fix Core On-Page Structure	The absence of an H1 tag is a serious structural weakness and should be corrected immediately. Each page should have one clear H1 that reflects the primary service and location. Title tags and meta descriptions should be refined to include stronger commercial intent — trust cues, service value, and a clear call to action.
2. Improve Technical SEO Health	The site has good crawl basics (sitemap, robots.txt, GZIP) but shows weaknesses in HTML validity, doctype setup, URL parameters, and iframe usage. These reduce technical quality signals and affect how efficiently search engines interpret the site.
3. Increase Content Depth & Internal Linking	Compared to competitors, Esight Solutions has relatively low text content and fewer total links. Adding service detail, FAQs, location references, case studies, and blog support content will improve relevance. Internal links should guide users and search engines to priority pages.
4. Prioritise Mobile & Speed Optimisation	Mobile performance is a major competitive gap. The mobile score is weak — reducing CSS/JS bloat, removing inline styles, compressing assets, and improving image delivery will improve both speed and user experience. This is one of the fastest ways to gain SEO advantage.

5. Strengthen Authority & Local Trust Signals

The domain has reasonable age and respectable authority, but the backlink profile is modest. A structured authority campaign is needed: local citations, digital PR, partner mentions, case study outreach, and portfolio backlinks. The strong social footprint should support branded search and referral traffic.

6. Improve Conversion Experience

A custom 404 page, email obfuscation, stronger CTA placement, and more visible social proof will reduce friction and improve lead generation. SEO should not only bring traffic — it should convert that traffic into enquiries.

9. Priority Action Plan

Phase 1

Immediate Fixes

Correct missing H1 structure, update title tags and meta descriptions, fix ALT gaps, add a valid HTML5 doctype, and remove unnecessary URL parameter issues. Also introduce a custom 404 page and obfuscate exposed email addresses.

Phase 2

Performance & Usability

Reduce CSS and JS files, remove inline styles, compress images, improve mobile speed, and review iframe usage. This phase should make the site lighter, cleaner, and easier to crawl.

Phase 3

Content Expansion & Internal Architecture

Add richer service pages, location-based content, FAQs, case studies, testimonials, and supporting blog content. Strengthen internal links between pages so authority flows more effectively across the site.

Phase 4

Authority Growth

Launch a backlink acquisition plan, improve local listings, and use social media more consistently for portfolio-led content, project highlights, and trust-building posts.

10. Expected Results

If these changes are implemented properly, Esight Solutions should see a noticeable improvement in three key areas:

Search Visibility

Stronger page structure, clearer topical signals, and better technical quality will improve rankings.

User Experience

Faster mobile performance, cleaner navigation, and more trustworthy page presentation.

Lead Generation

Better rankings combined with better conversion elements will drive more enquiry-driven traffic.

Likely Long-Term Outcomes

- Stronger local keyword performance for Kochi and Kerala terms
- Improved crawl efficiency and indexation
- Higher click-through rates from search results
- Better mobile engagement
- More enquiry-driven traffic from both organic search and social channels

11. Final Thoughts

Esight Solutions is not in a weak position, but it is not yet fully optimised to compete with the strongest players in the market. The analysis shows a company with a solid local foundation, decent domain history, good social presence, and acceptable desktop performance. However, competitors are ahead in structural SEO, mobile speed, and content depth.

The opportunity is clear: Esight Solutions does not need a complete rebuild. It needs disciplined optimisation. A focused improvement programme on technical hygiene, mobile performance, internal linking, and authority building can move the site from 'competent' to 'competitive.'

In consultancy terms, this is a **high-potential SEO account with strong upside**, provided the fixes are prioritised in the right order.
